# WELCOME ABOARD

This year is set to be a great one for Approved Boats Charter, as we proudly introduce our 67-foot Princess Yacht “Intrepid” to the waters around the South Coast of the UK.

Onboard the Intrepid, we - the Charter crew - aim to provide an outstanding service to our customers in the most relaxed and luxurious maritime setting.

We specialise in local gastronomy, water-sports entertainment and exploration; the crew strives to create an extraordinary experience for every guest, on every charter.

Guests can enjoy anything from a relaxing week cruising the Solent and the English Channel to an action-packed afternoon in Osbourne Bay near the Isle of Wight or Relaxing in the Beaulieu river.

Please journey through our brochure for more information on this year's packages. We look forward to hearing from you and welcoming you onboard!

# Master Chef Winner Experience

**Truly exceptional cooking**  
**Shelina Permalloo -**

*Winner of Master Chef 2012*

Creating our custom menu's for you, and providing her expertise, knowledge and staff, as well as personally taking part, cooking and sharing the experience with your party, a culinary delight to excite the taste buds.

It's true what they say - 'winning MasterChef can change your life'.

I don't think that saying could sum it up any better. Since winning the show in 2012 I've been fortunate enough to get involved with so many food related projects, it's the first question that I get asked and thought I'd just show you the type of activities I've been involved in and the type of opportunities that you are exposed to after winning a show like MasterChef.

About my restaurant: Lakaz Maman

Lakaz Maman is a Mauritian Creole word for 'Mum's House' and the food you'll find here is relaxed, informal street food you can get messy with. No napkins, no airs or graces, just authentic Mauritian street food with a modern twist. We are proud to be rated the best street food restaurant in Bedford Place, Southampton.

## Chef to the Stars experience

Truly inspirational cooking  
Jay Geddes -

“Food culture has been in my blood since childhood, and I have had the privilege to train in Paris and Barcelona and work in some of the South’s most amazing restaurants and hotels including; Grand Café, NV and the Grand Harbour Hotel as well as help open several restaurants.

My cooking has been featured in newspapers and magazines and I have been lucky enough to cook for some amazing people, including Rihanna, Beyonce, the England national football team and the Royal Family, to name just a few.

I am a firm believer in the ‘Slow Food Revolution’ and buying local produce. I love to shop at my local farmers markets, and I believe in cooking seasonally.

After years of amazing experiences working for other people I decided to offer my personal services as a personal or private chef.

## **Paul McGarry** **Our Captain**

### **Highly Experienced and Qualified practitioner**

Having served as Chief Officer, First Mate, Second Mate and shipyard manager. I have also worked as a manager in the yachting, commercial and offshore fields.

I began by taking a four year apprenticeship as a Boat builder which has stood me in good stead throughout my career in understanding new build projects shipyard refit and repair work.

I have purposefully worked in different fields and on different sizes of vessel to widen my experience in navigation, different waters and situations as well as boat handling, all of which has made me a very competent and confident Captain.

The safety of guests, crew, and of the vessel is of a very high priority to me and I am well versed with the implementation of ISM safety codes and drill procedures.

I am very comfortable in both private and charter yacht situations around the world and I have excellent interpersonal and communication skills which I use to great effect in building and fostering rapport with yacht owners and charter guests.

Running and managing a yacht for an owner is a highly rewarding experience and is a situation for which I constantly strive to achieve excellence.

Throughout my career, I have acquired strong cultural awareness - essential attributes for working in an international environment.

I equally use these skills to run a good crew all of which ends up with a successfully run yacht and relaxed cruising for the owners and passengers.
